Due to expanded manufacturing capabilities, along with new introductions to their product lines, Hickman Edge Systems has been able to increase capacity and is passing the price reductions along to the customer.

- The Price Relief program includes reductions up to 12% off five key contractor products within their fascia and coping lines.
- In line with Hickman's standards for code and

compliance, the Price Relief products uphold the highest standards and include manufacturer wind warranties.

- For your convenience, quotes will be held for the standard 60-days.
- QuickShip is now available in 24 ga and .040" in ten Express Colors. Standard limitations apply.
