What would you add, remove or change about your Polyschool experience?

"I would definitely bring my customers with me next time!"

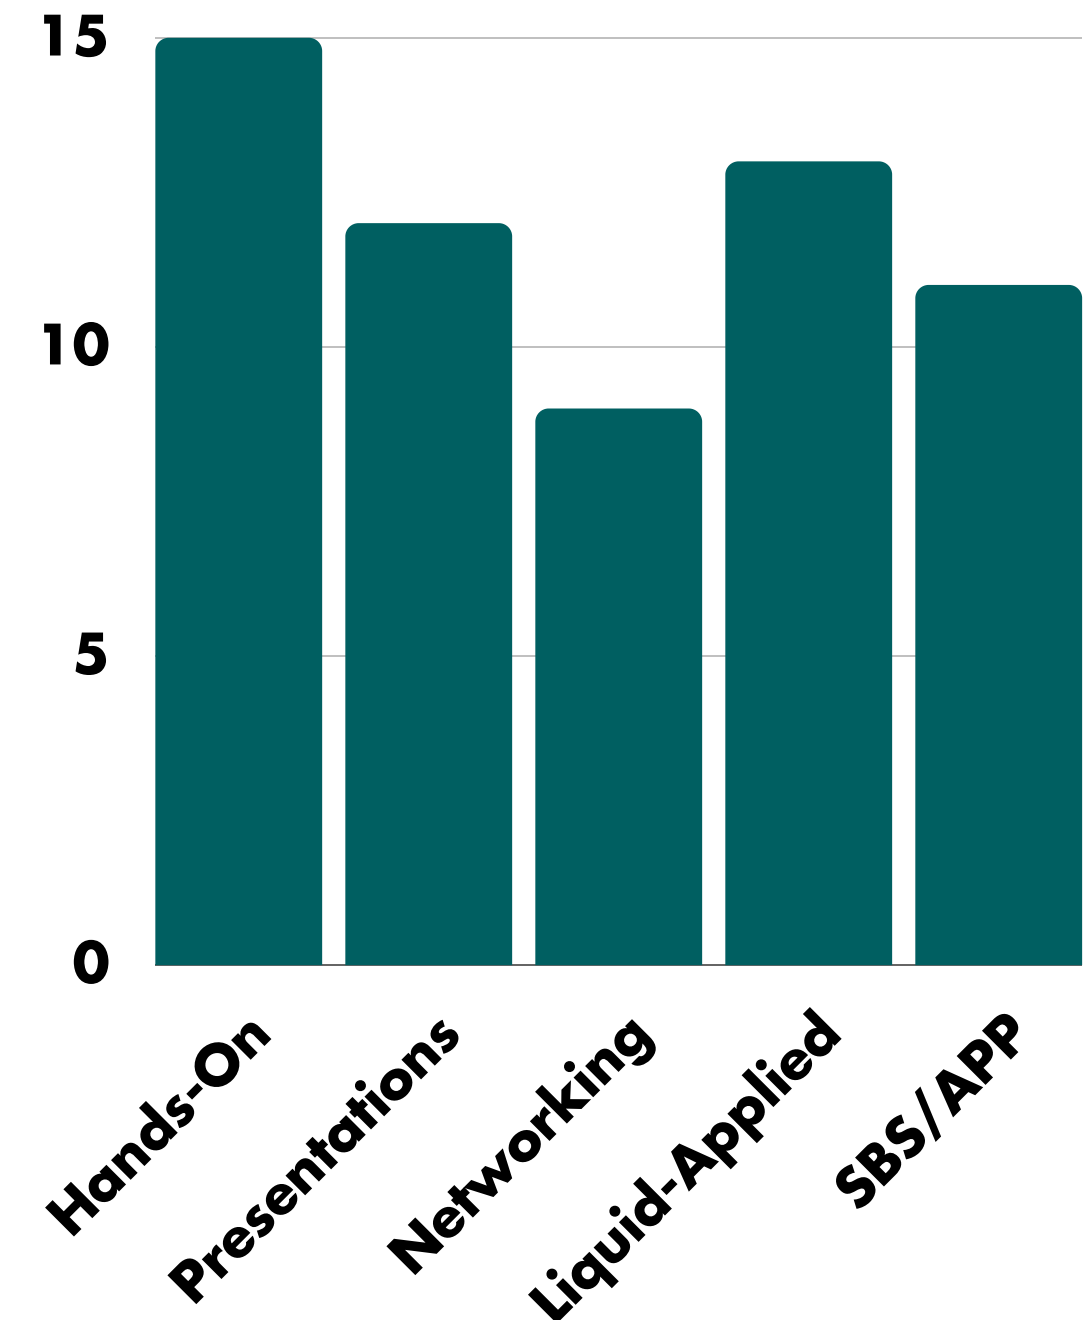

Cody Spediacci
Spec Building Materials

"Add more liquid flashing and more presentations on multiple applications."

Styles Smith
ABC Supply Co

Which part of the training did you find the most beneficial?

Testimonials

"From the moment that I received my name tag on to the presentations and hands-on all the team and processes were very professional and thorough. I now feel very comfortable with your people, processes, and products."

Gabriele Campana
M3 Roofing

"Polyschool was extremely informative and the trainers were thorough. The hands-on experience brought the whole training process to life. Very good experience I would recommend to anyone."

Julio Abbate
Spec Building Materials

"It was very helpful as I'm new to roofing. The class was very informative and it didn't drag on. I feel more confident in roofing now. It seems like even the experienced roofers learned a lot too."

Tyler Perkins
Perkins Roofing

"I have attended many trainings, but this was one of the most complete ones. Presentations/trainings covered all aspects. Hands-on, classroom interactions, networking, and more. I will continue to send my staff to your school."

Richard Boutin
ABC Supply Co
